APPROXIMATE COMPOSITION																																																																																
Moisture	Máx 10 %																																																																															
Crude protein	3 - 5 %																																																																															
Crude fiber	35 - 40 %																																																																															
FND	65 - 77 %																																																																															
FAD	43 - 52 %																																																																															
LAD	4.5 – 8.5 %																																																																															
Ashes	Máx 8 %																																																																															
UNDESIRABLE SUBSTANCES																																																																																
LIMIT VALUES																																																																																
Metals																																																																																
Arsenic	< 2 mg/kg																																																																															
Cadmium	< 1 mg/kg																																																																															
Mercury	< 0,1 mg/kg																																																																															
Lead	< 10 mg/kg																																																																															
Mycotoxins																																																																																
Aflatoxin B1	< 0,005 mg/kg																																																																															
Ochratoxin A	< 0,05 mg/kg																																																																															
Deoxynivalenol / Vomitoxin (DON)	< 3 mg/kg																																																																															
Zearalenone (ZEA)	< 0,5 mg/kg																																																																															
T2 and HT2 Toxin	-																																																																															
Fumonisin B1 + B2	-																																																																															
Microbiological																																																																																
Salmonella	Ausencia																																																																															
Moulds	< 10 ⁶ UFC/g																																																																															
Yeasts	< 10 ⁶ UFC/g																																																																															
Pesticides																																																																																
Aldrin	< 0,01 mg/kg																																																																															
Dieldrin	< 0,01 mg/kg																																																																															
Chlordane	< 0,02 mg/kg																																																																															
Heptachlor	< 0,01 mg/kg																																																																															
Endosulfan	< 0,1 mg/kg																																																																															
Endrin	< 0,01 mg/kg																																																																															
Hexachlorobenzene (HCB)	< 0,01 mg/kg																																																																															
Hexachlorocyclohexane (HCH)	< 0,01 mg/kg																																																																															
Glifosate	< 10 mg/kg																																																																															
Chlormequat chloride	< 4 mg/kg																																																																															
Botanical impurities																																																																																
Ambrosia spp.	< 50 mg/kg																																																																															
PACKAGING AND LABELING	Bales (tied with wire) Approximate dimensions: 1,20 x 0,70 x 1,80 m Approximate weight: 520 - 580 kg.																																																																															
PRODUCT SHELF LIFE	12 months from production date																																																																															
DELIVERY CONDITIONS	Product delivered in destination complying with the conditions established in this data sheet
